Eloquently Maximizing Large Workspaces

Specially made for file organization and space efficiency, Wintech Mobile Compactor maximizes the storage capacity of your current space, creates more "people" space, and helps you focus on your important tasks.

INTRODUCTION

The nearly unlimited storage solutions Wintech Mobile Compactor offers will address your specific storage needs.

FEATURES

Strong & Slick Steel Handle

Adjustable Foot Cap

Smooth Anti-tilt

Central Locking System

IDEAL FOR:

- Office Supplies
- Medical Supplies
- Backroom Inventory
- Sporting Goods
- Law Books
- Media
- Parts
- Tools

OTHER ADVANTAGES

Wintech Mobile Compactor

Adjustable Foot Cap

Adjustable Side

Other Mobile Compactors

Manual Type

- Platform with adjustable foot caps (no drilling or pre-leveling on the floor is needed)
- Foot cap height adjusts up to 30mm
- Rails are made of 3mm cold rolled steel using laser cut process
- Pre-treatment process which includes deionized water rinse, followed by electrostatic polyester-epoxy powder coating as standard finish
- Industrial wheels – quiet & strong
- Standard in track anti-tilt mechanism

MECHANICAL MOBILE COMPACTOR SYSTEM

MECHANICAL MOBILE COMPACTOR SYSTEM

228%

228 percent of usage space with 100 percent efficiency!

Optimise your space without expensive remoulding. Because only the access aisle is necessary for sliding shelves, room capacity can be more than doubled in comparison to stationary shelving.

Your Advantages at a Glance:

Optimal surface-use increases storage capacity to 228%

Faster and easier access to archive material

Easy operation with all movable versions:

- manual, with sliding shelf handle
- mechanical, with handwheel or automatic rotary reel

MOBILE COMPACTOR SYSTEM

- MECHANICAL

Eloquently Maximizing Large Workspaces

LINING PLATFORM

Design to Perfection

Thanks to our all-encompassing, extensive market research, we build the mobile compactors tailored to 21st century needs.

Our key strengths are:

- i. Platform with adjustable foot caps (no drilling or pre-leveling on the floor is needed)
- ii. Easy setup, assembling, leveling, and disassembly

INTRODUCTION

Our mechanical wheel type mobile compactor is designed using different gear ratio so that the cabinet can be moved by generally turning the handwheel. This design minimizes the power to move a large object. Besides, gears and roller chains have been tested for the firmness. This is the reason why we can vouch that our mobile compactor can move much smoother and quieter.

FEATURES

Safety Lock

Adjustable Foot Cap

Smooth Anti-tilt

Central Lock

IDEAL FOR:

- Office Supplies
- Medical Supplies
- Backroom Inventory
- Sporting Goods
- Law Books
- Media
- Parts
- Tools

Mechanical Type

- Platform with adjustable foot caps (no drilling or pre-leveling on the floor is needed)
- Foot cap height adjusts up to 30mm
- Rails are made of 3mm cold rolled steel using laser cut process
- Pretreatment process including deionized water rinse followed by electrostatic polyester-epoxy powder coating as standard finish
- Industrial wheels - quiet & strong
- Standard in track anti-tilt mechanism
- The built-in safety locks for mechanical type cabinets are designed to safeguard users from being accidentally trapped in aisles
- Heavy duty iron die casting wheels with anti-rust zinc coating
- Close type front panel that avoids dust
- Central lock system

TYPES	SPECIFICATIONS
MATERIAL	Cold Rolled Steel
FINISH	Epoxy Powder Coating
SHELF SIZE	897(W) x 361(D) x 25(H)
NO. OF SHELF	4 pieces per bay
LOADING PER SHELF	70kg UDL
AISLE SIZE	780/ 800mm
MATERIAL THICKNESS	Back Panel : 0.7mm, Shelf : 0.7mm, Side Panel : 0.7mm, Base Frame : 2mm, Post : 1.5mm, Top Panel : 1.0mm, Front Panel : 0.8/ 1.0mm
RAIL WITH PLATFORM	Rail : 3mm Cold Rolled Steel with Laser Cut Process/ Complete with Adjustable Foot Cap, Platform : 18mm Chipboard
POST	C-Channel Post with Slots in 25mm increment
ANTI TILT MECHANISM	Nylon Guide D40mm
WHEEL	Iron Die Casting with Anti-rust Zinc Coating, Loading : 1000kg/ Wheel

Safety & Security is Our Top Priority

INTRODUCTION

Filing cabinets are designed to hold important documents, so why not better protect your company's trade secrets? At Saidina, we understand that the ideal filing cabinet is one which can cater to both personal and business use. A good filing cabinet should also come with a secure safety system to protect the paperwork from fire and theft.

Key Lock & Combination

Efficient Insulation

Full Extension Ball Bearing Slide

Central Lock

FEATURES:

- Contemporary and seamless design
- Individual insulation makes each file drawer independently fire resistant
- Smooth rolling mechanism even when drawers are at full capacity
- Dual option of locking all or individual drawers simultaneously
- Durable paint finishing
- Efficient insulation feature protects the contents of the cabinet from fire

PRODUCT SPECIFICATIONS

Drawings Not To Scale

TEST PROCEDURE

The Saidina Fire Resistant Cabinet is compliant to the Japanese International Standard (JIS-S-1037:1989). Tests have shown that our cabinets can resist fire for a minimum of 60 minutes even in temperatures above 900°C. Saidina Fire Resistant Cabinets can also withstand considerable impact forces as well, including floor drops during the course of a fire.
